Dear Ms. Schwartz,

On behalf of the Humane Society of the Ozarks, Board of Directors, we would like to extend our full support to the Forrest City Humane Society in their efforts *to* make positive and well needed changes to the city shelter. We support your dedication to animal welfare.

We are hopeful that with your involvement, the animals at the city shelter will be cared for by shelter standards, thus getting the financial means and support of your city leaders.

The animals have no voice, thank you for your leadership & being their voice.
